MARRY NOW, DANCE LATER

— DALMAHOY HOTEL & COUNTRY CLUB —

Life might feel a little different right now, but here at Dalmahey, our dedicated team are working hard to offer you the wedding you've always imagined. We're offering you the opportunity to plan a two-part wedding, where you tie the knot now, then host your celebrations with a large group of family and friends at a later date.

Embracing a small ceremony – which is the real heart of the wedding – can be intimately beautiful and it can still be done safely. But it's still really important to be able to enjoy the celebration of your dreams with your guests when the time is right. Please ask us about the "Dance Later" celebration options and pricing too.
